MESSAGE 6 - 2006

BIRTHDAY OF THE ILLUMINATI – MAY 1, 1776

Letter to the Editor

Hi Captain,

How does a person make sense of it all? The President has a new spokesman, everyone is attacking Rumsfeld, and Condoleezza Rice is acting like she has Mr. Bush in her back pocket.

Help!

How are you doing these days? I hope that you're taking good care of yourself.
I'm teaching - and trying to finish off my initial teaching credential.

That's all for now,

Bren

Captain's Response

Dear Matie Bren,

Thanks for your email! However, I wish you had shown more concern over May Day, May 1, 2006, than Condoleezza Rice and Rumsfeld. Don't you realize how the occult loves to perform according to the devil's calendar?

Why did Osama bin Laden choose the specific day, 9-11? It is a number we phone when there is an emergency. Was there some sinister message Osama was leaving the USA by attacking the Twin Towers in New York City on this particular day? Osama bin Laden doesn't just pick any old day to perform his acts of treachery on mother earth.

May 1st is one of those days that none of us will ever forget if the illegal Mexican immigrants of over 12 million people rise up in mass claiming this land as their land. Doesn't that frighten you more than what George Bush is doing? Talk about a Trojan Horse within our borders! Can we place the entire world on our public trough of social security and healthcare at American taxpayer's expense?

On May 1, 1776, a Jewish man named Adam Weishaupt gave birth to the Illuminati. Adam Weishaupt was the very first man to conceive the idea of One World Government. All previous attempts at world conquest were by military force. Weishaupt's vision was through the control of the world's monetary system, on the supposition that whoever controlled the money would rule the world.

According to Weishaupt, the world would be ruled by a handful of billionaires, unbeknown to the rest of the world. How was Adam Weishaupt going to reach these very wealthy men? He chose the Order of the Freemasons to spread his message in Europe and attempt to find his billionaires.

It is true that George Washington was a Freemason. But, he is on record voicing his objection against this European Weishaupt's doctrines intruding into Masonry when they finally crossed the Atlantic Ocean and came to American shores.

Adam Weishaupt hit pay dirt within the folds of Freemasonry when he met Mayer Amschel Rothschild. His vision suddenly became plausible with access to the House of Rothschild's funds to finance this dream of One World Government. It was Mayer Amschel Rothschild who said, "Permit me to issue and control the money of a nation, and I care not who makes its laws."

The chief Central Bank of Europe is in Frankfurt, Germany, where old man Rothschild raised five sons. All five gained the control of the banking industry of five different nations in Europe, forming the very first dynasty of International Bankers.

Abraham Lincoln fully understood how dangerous it was for America to lose control of its money. He opposed the International Bankers, which was probably the reason he was murdered in the Ford Theater. No power on earth is able to consistently oppose this diabolical union of Adam Weishaupt's Illuminati/Freemasons with the House of Rothschild. It is from this ungodly alliance that Adam Weishaupt's miracle child, the Antichrist, will be birthed.

It was under Weishaupt's birthing of the Illuminati that the controversial Protocols of the Learned Elders of Zion surfaced. No one knows their origin or who was the author of these "Protocols." More people have died over the publication of these "Protocols" than over any book ever published.

The John Birch Society, founded by a Freemason, gave the weirdest definition for an Anti-Semitic. If you believed the "Protocols" were of Jewish origin and that they went west, you were an Anti-Semitic. If you believed the "Protocols" went east into Russia, you were not.[\[1\]](#)

The truth is that once they surfaced through Adam Weishaupt, they went neither east nor west. They went north into the camp of the House of Rothschild. Mayer Amschel Rothschild profited from the wisdom gleaned from this book. The House of Rothschild ruled Europe much as the big oil companies rule America today.

The birthday of this sinister plot of a handful of billionaire bankers, married to the mother lodge of Freemasonry in London, England, completed Weishaupt's vision on May 1, 1776.

May 1, 1776 is the birthday of the Enlightened Ones. Big Brother is watching you from the all-seeing eye on the back of your dollar bills.

Now, Bren, don't you agree that the happenings on May Day, the same day the Russian Communist Party claims as their birthday, will be remembered?

The happenings on May 1, 2006 prepare you to get ready for the year of the devil, June 6, 2006 – 666. Do you really think the happenings on these two days are far more important than what Condoleezza Rice is doing in Iran?

Secret organizations subject of shows

KAET-TV (Channel 8) will present two shows back-to-back on May 11 that investigate the Illuminati and Freemasons organizations, which are at the center of Dan Brown's novel "Angels & Demons" and his 2007 book, "The Solomon Key," a sequel to his best-seller "The Da Vinci Code."

"Secrets of Angels and Demons," which airs at 9 p.m., looks at conspiracy theories and the impact the Illuminati is said to have wielded on world history, beginning with its founding in 18th century Bavaria. "Secrets of Masons," airing at 10 p.m., looks at the history of Freemasons and theories implicating them in the American and French revolutions, the Vatican Bank scandal in 1978 and their influences on such Masons as George Washington and Benjamin Franklin.
