A LINE IS BEING DRAWN IN THE SAND!

By Gordon F. Nelson

"But they shall proceed no further." 2 Tim. 3:9

It was Hitler that declared one generation can eradicate the past! It was a criminal offense in Germany to teach Hitler's youth about God. We saw in Nazi Germany how a socialistic democracy can move into a dictatorship. America is following those guidelines.

In the "Impeachment of William Jefferson Clinton Proceedings," aired over C-SPAN, we are consistently warned about the three-legged stool. Each leg being represented by one of our three branches of government; Executive, Legislative and Judicial. The nation now fears that the President has cut deep into one of the legs of this stool, the Judicial, which is based entirely upon the "rule of law" for its very existence. How can President Clinton take so lightly an oath? To lie, after his hand was placed on the Holy Bible, and swore unto God that what he was about to say was "the truth, the whole truth, and nothing but the truth, so help me God," is called perjury. The Legislature has no way to reach the truth without this one tool, the swearing by oath to Almighty God.

"Obstruction of justice," another felony, is to further hinder the Legislature from seeking the truth. These two are the core reasons for the indictment of the President by the House of Representatives. If he had not consistently lied, I'm sure the American people would have been quick to forgive him. Apparently, he is what is called a "pathological liar," incapable of telling the truth.

Bill Clinton grew up and is a part of that generation prophesied in the scripture, 2 Timothy 3:1-9, the love generation and flower children. They've grown into adults with an entirely different definition of what sex is.

The man that is the bedrock of producing this generation in America was an ex-governor of California who posed as a Republican, Supreme Court Justice Earl Warren and his infamous court. Amazingly, he was a reputable Attorney General of Alameda County, as well as Governor. This same man would educate the American people by introducing "Mr. Liberal Republican." Up until Earl Warren, America only had Republicans and Democrats to vote for at the ballot box. It was less deceptive! Now the voter must be able to distinguish between liberal, moderate and conservative for either party. Why? How could one man, Earl Warren, accomplish such change in American politics working all alone? The truth of the matter was, he was not alone!

Perhaps, Earl Warren's title of "Hitler," or the father of the generation that actually produced humanism, is misleading. In *Mein Kampf*, Hitler told us exactly what he believed and what he would do. Sadly, too few read it, and those that did supposed it to be a novel.

The real father of this prophesied end time generation that would deliver this republic into the hands of the Democratic-Socialists without ever firing a shot, was Col. E. Mandell House, a Jewish international banker who was born in Texas. After signing the Constitution, they asked Benjamin Franklin what sort of government it was. He answered, "I give you a republic, if you can keep it." Col. House made sure that they would not keep it. He is often referred to as the "mystery man" of the Woodrow Wilson Cabinet.

We have, as the founding fathers gave us, a system of checks and balances. Each branch of government, as on the three-legged stool, would be a check on the other, to supposedly ward off anarchy or despotism. Americans are taught that we are secure from dictatorship in America because of our separation of powers. But, are we?

Col. House wrote a book, just like Hitler did. He laid the game plan all out in the book, just like Hitler did. Hardly anyone read the book, except those who became a part of his masterful scheme. They were the believers of Nazism, and many of these diehards today believe Hitler will yet rise from the dead to lead them.

His book, first published in 1921, was titled, Philip Dru: Administrator. This book has to be classed with Brave New World, and 1984, which was made into a movie. Billy Graham stated that 90% of what 1984 predicted has come to pass. No guru, fortune teller or mystic has predicted the future like these political scientists. They all are players, with the end result being the enslavement of all humanity under one umbrella called One World Government.

On May 1, 1776, Adam Weishaupt founded the Illuminati. This is the original May Day the world celebrates. Plans to enslave us preceded our day of independence from England on July 4, 1776.

Adam Weishaupt was the first person to envision One World Government. He is the Nimrod of the Bible who first conceived the idea of building "*a city and a tower, whose top may reach unto heaven.*" Gen. 11:4. Nimrod stood as the dictator of the world with all the resources of earth and people at his command. God said, "*Now nothing will be restrained from them, which they have imagined to do.*" Gen. 11:6. Unity is a powerful force! Is it any wonder that our citizenry cries out for One World Government.

A lot of the hysteria over Bill Clinton is that through NAFTA and GATT they have become intoxicated with this new brew, and we want more, more, more! We enjoy this "ale" of Bill Clinton.

When folks are drunk, the evening is always topped off by a little sexual impropriety. Just a bunch of puritanical Christians to the far right are the spoilers of the party. “It’s the economy, stupid!” We’ve never had it so good! The Dow is up, so why concern yourself over Monica Lewinsky?

Barney Frank, a gay that came out of the closet, who has already been censured, screams, “On with the party!” Maxine Waters adds, “I second the motion!” Did censure stop Barney Frank? It was like a slap on the wrist! Why don’t you wake up, cousin? These liberal Demon-crats have been in absolute control since the days of President Franklin Delano Roosevelt. You are witnessing a miracle on C-SPAN! This was never supposed to happen.

Col. E. Mandell House was the man that detected a weak link in our system of checks and balances. It was the Judicial branch of government; the Supreme Court. The Supreme Court can deliver this state over to a socialistic democracy without ever firing a shot. Do you not remember the words of Nikita Khrushchev predicting America’s downfall? “We will take America without firing a shot. We do not have to invade the US; we will destroy you from within.” Do you think these were merely the prophetic words of some wild, mad man? How to topple governments is a political science. To divide and conquer. One step backward while taking two steps forward. The wall separating Russia from East Germany has come down. Communism is not a country, but an idea! Take these same ideas and call them “liberalism,” or “environmentalism,” and we can more easily adopt the Communist Manifesto.

I had a dream one time along this very line I’m dealing with. In my dream, I came to be infatuated with this move toward socialism. First on the scene was Social Security. In the dream I was to express my appreciation for Social Security. Taking care of the elderly; I was all for it! In a similar manner, the Medicare Program. How do you like them apples? Oh, I was wild about those apples! How else to meet the needs of the elderly when they get sick? Finally, I was to express my opinion concerning the confiscation of all privately owned property. This beautiful dream was suddenly turned into a nightmare! All privately owned property reverts back to the state. I didn’t like this final tenet of Communism. No one in Cuba owns any land!

It reminds me of my oft repeated story of the frog. If you put a frog in boiling water, he’ll immediately leap out. On the other hand, place him in cold water and gradually bring up the heat, and you can cook him to death. We are already in these waters of Socialism, ever since the passage of the Social Security Act in 1933, under Franklin Delano Roosevelt.

Then came Social Security and Medicare! Like in my dream, we all, Republicans, Democrats, rich and poor, bask in the sunlight of these two benefits. You are already in the water, and the heat is being gradually turned up.

Al Gore, in the name of environmentalism, has confiscated more property from private citizens during the past six years than any period in history. If Gore becomes the next President of the United States, it will represent to me that my dream had a prophetic fulfillment, as well.

Whole sections of the Northwest timber industry were shut down due to the “Endangered Species Act.” The spotted owl’s habitat had been invaded. Later, however, it was proven the owl was perfectly at home, even in a rain gutter of a house. Many places confiscated by the government under the guise of the “Endangered Species Act,” go unreported in our controlled mass news media. The Mormons don’t totally cooperate, hence huge mining mountains outside Salt Lake City are confiscated in the name of environmentalism. We can’t have our much needed Auburn Dam because of Jerry Brown and his father. The reason? Some worm would be disturbed in his natural habitat.

It takes years to get all facets of our society moving in the same direction. Once they are all in place, things will take shape quickly, as we move into One World Government by the year 2000 AD.

In his book, Philip Dru: Administrator, Col. House (a political scientist) has only two fictitious characters, Rockland and, of course, Philip Dru, who becomes the dictator over America. It was written in 1921, so naturally is in a novel form. Listen to this. No prognosticator of the future could possibly foretell the future as Mandell House did! Rockland comes to be President of the USA on the heels of a great depression. Rockland shuts down all the banks. Rockland schedules great public works programs, like the Tennessee Dam and cross country highways. Rockland forms the NRA, the AAA, the WPA. It is all in the book, written in 1921. Philip Dru: Administrator is on-going. The moment F.D.R. was elected President, he flew to the mansion of Col. House to get further instructions on how to portray this fictitious character, Rockland.

According to Col. House, a civil race war is inevitable to bring about the predetermined end: dictatorship. The race war is essential to prove that democracy simply does not work. Of course, the fires of racism are enflamed through the C.F.R.-controlled mass news media. The people welcome dictatorship to stop the war. Martial law is enacted. We may already have had our final election for President.

There was fire in the eyes of Maxine Waters. She never got her way concerning censure. “I’ll now take this to the black caucus.” Father Robert Drinan, as he appeared before the committee, warned of a public uprising if these constitutionalist Republicans didn’t abandon their convictions and vote for censure. The accusation of “coup d’etat” was leveled against these conservative Republicans who are as adamant in their belief system as are the Democrats.

In the Communist philosophy, they have the hard core card carrying Communist. In addition, they had the “fellow traveler.” We have liberals and moderates who oft come to the rescue of the hard core Demon-crat. It is to this group that the Democrats are making the appeal.

In the book, Year of the Rat, by Edward Timperlake and William Triplett II, they speak specifically “How Bill Clinton Compromised U.S. Security for Chinese Cash.” (In hardback, at Barnes and Noble bookstores for \$24.95.) I’ve just started to read the book, but it seems Asian money has been behind Bill Clinton from the beginning in a person called James Riady, the son of billionaire Mochtar Riady. Mochtar has his own new Bell helicopter with long range fuel tanks. “If things go bad in Jakarta, Indonesia, he can easily fly to Singapore six hundred miles away.” Newsweek has noted, “Moving cash around the globe in tangled webs of transactions has always been the Riady way.”

Next to James Riady in the propelling of Bill Clinton, was Riady’s number one man in America, John Huang, who is quite often in the news. “John Huang, Taiwan native employed by the Riady’s in Hong Kong, was brought to Los Angeles to be James Riady’s number two man. In time, Huang would become the Riady’s U.S. Representative. In 1980, James Riady became a permanent resident of the United States and thus could make legal contributions to the Clinton-Gore ticket.”

It is the 1996 campaign funds from foreign investors that the scandal of treason is being leveled to the Clinton-Gore election. Bill Clinton is being charged in Year of the Rat of exchanging technology for cash to Communist China. We may well be now a “republic of China,” at this present time. At the present hour, China can take out the entire Los Angeles area with the technology given the Chinese Communists. Do you believe this is “high crimes and misdemeanors”? We rented an entire San Diego naval base to the Chinese Communists to unload their wares. Even 60 Minutes reported whole cargo shipments of AK47 automatic guns being delivered to America. It is later than you think, my friend. Please begin to read. “He that refuses to read is no better off than the man that can’t.”

Do you recall the attempt to find a donkey in a picture? It was hidden by the obvious picture in front of you. How do you discover the donkey? By reading, by listening to conservative “talk shows.” Geoff Metcalf on 560Kc AM radio, and even Rush Limbaugh are trying to show you where the donkey is.

Like a blind man, you suddenly see what is no longer obscure. You see the donkey. He was there all the time, obscured by the 5:30 news and our mass news media controlled by a secret government, called the “Council on Foreign Relations.”

My eyes were first opened to see the donkey by the reading of two books distributed during the Goldwater for President campaign. One was written by John Stormer, a born again believer in Jesus Christ, called None Dare Call It Treason. But, my real eye opener was written by a former F.B.I. agent,

Dan Smoot. Dan Smoot was heard regularly on television at the time with the Hunt Brothers of Texas picking up the tab. It was not a money making program, but a purely educational program.

Dan Smoot authored the book that should be a textbook in every classroom, called The Invisible Government. After reading this book, my eyes were permanently opened so I could plainly see the donkey. Once your eyes are opened, it is almost like being born again.

Jesus said *“Verily, verily (this is truth, this is truth), I say unto thee, Except a man be born again, he cannot SEE THE KINGDOM OF GOD.”* Jn. 3:3. After I was born again, I gave away my brand new radio. I thought I was entirely worldly! I never heard the gospel on the radio. As a sinner, this is not what we are looking for. We can’t even see or hear the quite obvious, even though surrounded by it.

With the sensation of seeing the donkey as a result of reading Dan Smoot’s The Invisible Government, not even Dan Rather or Barbara Walters can ever close your eyes again. Christians are totally blind, as I was, to the donkey in the picture. Actually, they become so heavenly minded that they are no earthly good as salt. *“Ye are the salt of the earth.”* Matt. 5:13. Salt has a bite, but is a preservative. Christians should understand about *“principalities and powers”* that exist in high places. Rom. 8:38. *“And to make all men see what is the fellowship of the mystery...to the intent that now unto the principalities and powers in heavenly places might be known by the church in the manifold wisdom of God.”* Eph. 3:9-10.

The government, through the IRS income tax laws, have separated the church from the nation by their “Sword of Damocles” that is held over every non-profit, religious incorporation by the threat of losing their “non-profit” status. The church, yielding to this government intrusion, has been blind to *“the manifold wisdom of God.”* Daniel not only understood about God, but was more understanding in science than the wise men and astrologers of Nebuchadnezzar’s court. Daniel possessed the manifold wisdom of God! *“Children in whom was no blemish, but well favoured, and skilful IN ALL WISDOM, and CUNNING in knowledge, and understanding SCIENCE, and such as had ability in them to stand in the king’s palace, and whom they might TEACH the learning and the tongue of the Chaldeans.”* Dan. 1:4.

“Separation of church and state,” is not in our Constitution. The church needs to repent of this “three-name hierarchy.” This is not the church of Jesus Christ. Do you want to be ever blind to this world of *“principalities and powers in heavenly places”*? These “non-profit religious incorporations are a type of the poker used to poke Samson’s (type of the church) eyes out. *“And the Philistines took Samson, and PUT OUT HIS EYES.”* The church is presently grinding at the wheels of tradition. *“And he (Samson) did grind in the prison house.”* Jdg. 16:21.

Is your hair beginning to grow back? Do you have a curiosity even beyond sitting in a church house, grinding at the mill of tradition with three songs, a special number, give the announcements, twenty minute lecture on religion under the guide of a husband-wife team of tongue talkers? Next Sunday, we will repeat the entire thing all over again. Do such Christians ever thirst for more? for seeing the donkey? for *“the manifold wisdom of God”*? The preachers blind them by their method of teaching the rapture! 2 Thessalonians 2:3, plainly teaches no one is flying anywhere until first the man of sin is revealed. *“But he that shall endure unto the end, the same shall be saved.”* Matt. 24:13.

How do you whet the appetite of believers that there is more?

Col. E. Mandell House is the founder of the Council on Foreign Relations (C.F.R.). To be a voting member of the secret organization, you must reside within a fifty-mile radius of New York City. This organization was designed by Col. House for the express purpose of controlling the office of the Presidency. Why? Because the President makes the appointments to the Judicial branch; the Supreme Court. Through a succession of liberal Presidents, be they Republican or Democrat, the court is soon packed with nine liberal judges.

The mass news media are active members of this C.F.R. dedicated to its purposes. David Rockefeller is the founder of the Trilateral Commission, another secret organization from which many of our Presidents held office, including Jimmy Carter. Jimmy Carter was not just a peanut farmer as portrayed by our news media! No peanut farmer ascends to the board of the Trilateral Commission.

Can't you see the donkey in the picture yet?

Adam Weishaupt, working through Freemasonry, had one goal--to reach about ten to twelve men that were tremendously wealthy that would secretly rule the world. The Illuminati's dream is the formation of these ten kings of finance, prophesied by Daniel the prophet. *“And in the days of these kings shall the God of heaven set up a kingdom.”* Dan. 2:44. We are living in the days of those kings that stem from the House of Rothschild. It was Mayer Amschel Rothschild who first formed the Rothschild European Central Banks, of which our own Federal Reserve System is directly tied. These ten kings behind the scenes control earth's monetary system. *“Permit me to issue and control the money of a nation, and I care not who makes its laws.”* Mayer Amschel Rothschild.

“The LORD is righteous: He hath cut asunder the cords of the wicked. Let them all be confounded and turned back that hate Zion.” Ps. 129:4-5.
